There are two points to clarify before you read the enclosed transcription of the brilliant video, “The Q Team’s Takedown of the Cabal from A to Z”:

1. Donald J. Trump did not want to be POTUS. Trump was enlisted by Q and The Alliance. They needed a man who was not part of the deep state and who could pay for his own campaign.

On March 23, 2020, David Wilcock stated, “Understand something... Trump didn’t want to run.”

Wilcock also stated that when Trump was first approached by the Alliance, he refused. But over a 2-week period, he was shown everything the NSA had on the deep state / cabal / illuminati.

At the end of those two harrowing weeks, for the love of his country, for the love of Humanity, and for the love of all God given rights and freedoms that should be *automatically* granted to all God-created souls—Donald J. Trump ran for POTUS and won in a landslide. [More

on that later.]

Since Trump has been in office he has donated his \$400k POTUS salary and his businesses have lost money. He became POTUS with the hallowed understanding of these words: God. Country. Service. Love.

A year before Trump announced his candidacy on June 16, 2015, Kim Clement stated that Trump was God's choice. In a sermon on February 22, 2014, Clement preached the following:

7:12 "He is a genius."

8:10 "This man will throttle the enemies of Israel. This man will throttle the enemies of the West."

9:15 "They will shout 'impeach, impeach, they say' but nay. This nation shall come very subtly. But he shall not come in the time of President Obama.

They shall come when this new one arrives as my David, that I have set aside for this nation. A man of prayer. A man of choice words. Not a man who is verbose who has verbosity. They will even say, this man is not speaking enough."

10:05 "They will shout 'impeach impeach,' but this shall not happen."

12:23 "For they are saying, how do we kill the giant? How do we kill the giant of death? How do we kill the giant of socialism. How do we kill the giant of human-secularism? *I have placed that man amongst you...*"

13:12 "And God says, ***these that shall reject him shall be SHOCKED at how he takes the giant down.***"

14:11 "They will laugh at him but the plan is so brilliant, saith the Lord, it could only have been given by me."

~ Kim Clement, February 22, 2014

2. The second key point is that one needs to have a clear understanding of what adrenochrome is:

Because — the evil empire that Trump, Q, The Alliance and NSA have defeated, the deep state / illuminati / cabal and their minions, are the most horrific vile disgusting evil of the deepest darkest evil that has ever existed in all Creation — they harvest adrenochrome from angelic terrified children who they torture and then murder in their sick revolting grisly satanic rituals.

I asked a gifted-healer-friend of mine, who has worked with survivors for many years, to give me a definition of adrenochrome. She did. But I will not write it out for you. It is too vile and she wrote that she didn't think the

general public was ready for it.

So instead, I enclose a short video she sent me by the eloquent Sacha Stone. I've transcribed the key points, but it's still brutal to read:

*Sacha Stone talks about Adrenochrome on Camelot TV
Network, April 24, 2020*

What is adrenochrome?

0:25 Sacha Stone: It's a psycho-active molecule that is activated in Human blood when the Human subject or victim is tortured.

0:36 In the same way that a cat toys with the mouse before eviscerating it and pulling out its kidneys and slowly killing it. It is known to the Feline species that the more you adrenalize the blood of the victim the more prana or life force you can induce through the in-taking of that blood.

1:04 So in simple terms, these sociopathic sub-human entities that proliferate in Hollywood and on the big screen, and pop idols, and Rock Gods, and Sports idols, amongst Political leadership and elements within Royalty as well... as well as boxes of the Corporatocracy, the Oligarchies... and these are the powerful Technocrats... that exist in Government, in the Banking sector, in the commercial arena, in the Military Industrial Complex, in the Mainstream media and press as well.

1:56 These folks are variously conjoined in blood covenant through long standing blood ritualism. It sounds absurd, it sounds like a bad BATMAN script, but hélas, alack, it's all too real.

2:31 ...The fact of the matter is that this goes on — the adrenochrome molecule is arguably the most prized

element on Earth, with a higher value one imagines than even platinum or Helium-3 which you can only scoop off the Moon.

2:44 So the fact is that to get a pranic rush is similar to a hyper-dimensional cocaine rush, so harvesting blood, terrorizing the victim, conducting the most aberrant satanic rituals becomes of paramount importance to this diabolical echelon.

3:18 What they are requiring is to be anchored to the Temporal [Earthly] plane, because they've already abnegated their consciousness and their conscience.

Their Spiritual sacrament has been so violated through their own choice in surrendering or abnegating their true conscience that they have already been walked into and are now under the remote influence of the Egregore, or the lower astral intelligence, or the demon, if you wish to look at it that way.

3:55 Bottom line is they're sub-human. They're not Homo Sapiens Universalis, or Homo sapiens sapiens, or Homo sapiens freighter like we are. They are absent in their capacity for empathy, for compassion, or to love or be loved; and my heart goes out to them for that fact.

4:17 But that again was a chronology and a pathology of choice that was made and taken by each of them. So they've got to the point where the only way they can anchor... or the only way that energy can anchor through

them in the Temporal/Earthly realm is to continue imbibing the adrenochrome or the traumatized blood. So in simple terms that's why.

4:38 Why the toddlers are sodomized and raped is because it's an inversion of kundalini. It's a technique to inverse the life force, the prana, the kundalini, the chi of that victim, in order to induce or transduce that very very hyper-dimensionally active life force into the perpetrator.

5:07 It's very ugly stuff. But when you get into advanced satanism that's the game you play or you perish, because by the time you learn about blood drinking and the fact that you are required to go into the blood covenant, it's normally too late for you to extricate yourself.

~ Sacha Stone

That, my friends, is what President Trump, Q, the NSA and The Alliance have soundly defeated—an army of demons that had run rampant on this blessed Earth, infecting every aspect of our lives with fiendish imprisonment.

The enclosed video transcription outlines the story of how Trump and his team defeated the diabolic cabal.

After all their crimes have been publicly pronounced and the punishments handed down according to Earthly

tribunals as well as Divine tribunals — the New World of Light, Freedom, Love, Kindness, Abundance, Health and Peace will begin in earnest for Gaia, her Kingdoms, Humanity and our children.

But we won't have to wait much longer for miracles and wonders because the RV, GCR, NESARA and GESARA are well on their way.

It's possible we could date the launch of our Divine New World to when that radiant President, John Fitzgerald Kennedy, created Q in 1962.

Even as I write this, President Trump, Q, the NSA and The Alliance are literally saving Earth.

Thank God.

Charlie Freak & Colleen tell us the Story of Stories... How Donald J. Trump, the NSA & JFK Jr., against all odds, took down the cabal / illuminati / deep state. The original is extensively illustrated, much more so that the few selected shots included in this transcript.

Transcribed by Kat 7-29-20

1:05 Charlie Freak: This is going to be the proof for you... to give you the strength and the courage to trust in the plan for the next 6 months cuz you're going to see overwhelming PROOF across the entire Earth, from the

Summer of 2017 to now. You're going to see it play itself out.

1:20 To make it clear again. CNN is now is control by POTUS, Donald J. Trump. Boris Johnson and the British government is under control of POTUS, and the NSA and the Q-plan, the Q group. This is ALL being run by this group. Every single government on Earth, all of them, have capitulated over to Trump... from 2017 to early 2019... [\[now to 2022\]](#)

Colleen: He hit the ground running....

1:50 Charlie: Yes he did... He took 6-months to clean house, clean the swamp in Washington D.C.... and then he went to Saudi Arabia first... there's a reason he needed to... there's a reason he went to Saudi Arabia first in the Summer of 2017...

2:10 But you need to understand, mea culpa, it rests with you, it rests with me, if it wasn't for us being so sound asleep NONE OF THIS WOULD HAVE BEEN ALLOWED TO HAPPEN.

2:29 We should have woken up to the milk cartons [of MISSING children] ... 30 years ago, 40 years ago... with all of these children going missing... what the heck are so many going missing for... and why are so many kids on Milk Cartons...

2:45 Colleen: The excuse of us being asleep just doesn't cut it when you see what's been taking place right under our nose... it just doesn't cut it...

MISSING CHILDREN PER YEAR (graphic on video)

America 800k
UK 230k
Germany 100k
Canada 50.5k
Mexico 45k
Brazil 40k
France 39k

TOTAL: 1 million 264 thousand children missing per year... that we know about...

2:57 Charlie: I know some of you are going to be very angry with this, all I can say to you is that WE are responsible, ALL of us are responsible for this...

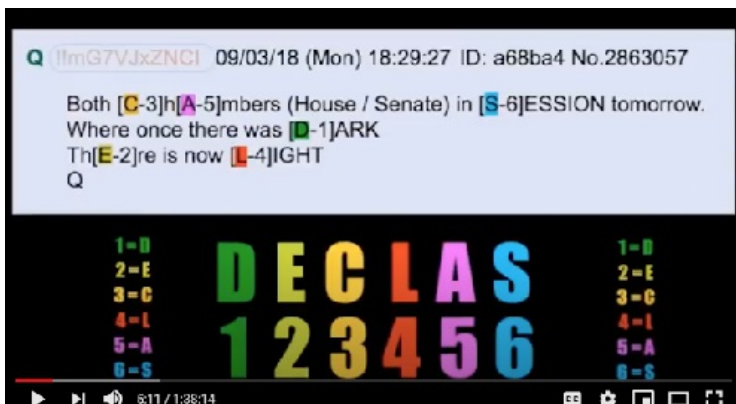

3:10 But see this as an opportunity... the next 6-months are an opportunity... for all of you to become the kind of hero that you've always wanted to be in your eyes... trust in YOU...

Trust in the plan... that there are good people fighting against the sickest most evil people in the creation of evil... there are good people out there... you get up and be part of this...

2:57 Colleen: Let's support them... we're the Digital Warriors...

3:10 Charlie: Be strong... be strong for your kids like you already are... be strong... don't just sit back and go, oh Trump's going to do everything... no it's YOUR country, not theirs...

5:08 Charlie: OK. First, everything is about Donald Trump and the abbreviation you get with Q call DECLAS... it's short for De-Classified... the main people behind all of this have been the NSA... [National Security Agency of the USA]...

Because once the Military was given access to cameras everywhere, spying technology everywhere... access to your cell phone, to everything about you... as soon as that information became available, a group of people within the Military said, "This is our chance..." [to get the cabal]... this is

our moment in time and we must act upon this...

Because they don't seem to get... meaning the [cabal] minions, [cabal foot soldiers] whomever is hidden in the background... they don't seem to get that they're just as vulnerable as we are...

6:20 And so what has been going on, my friends, since 9-11 ... remember 9-11 how evil that is?... and it was evil... 9 is God... God consciousness... the killing of God on Sept. 11, 2001... that was the symbology of it... they were laying out for us in plain sight what they were about to do and finish...

6:50 And the Coronavirus through the 5G Towers... the 5G wireless signal was their coup de grâce... was their killshot for us... and everything went wrong when Hilary didn't win that election... and what you all need to wrap your minds around is that they, still to this day, don't understand how they lost that election in 2016 to Donald Trump... they don't know how...

Because it was rigged in their favor... the machines were rigged in all the key states... Trump actually won in a landslide... it was a runaway for Trump across the entire land... if that had happened [Hilary winning] we'd already be in these FEMA camps... we'd already be locked in our homes... those of us who didn't comply to them would be in FEMA camps or body bags...

8:10 So it all starts with the symbol DECLAS, declassified, that comes from the NSA... they've been spying on them and they HAVE IT ALL... NOTHING CAN STOP THIS PLAN... nothing can stop what's coming... THEY HAVE EVERYTHING...

8:26 Julian Assange has been a big player... eventually when the truth comes out about Julian Assange you'll go, oh, I should have noticed that... I should have picked up on that... you'll see...

[The physical resemblance to Dr. John Trump, POTUS' uncle, John G. Trump]

John J. Trump, Julian Assange

John George Trump (August 21, 1907 – February 21, 1985) was an American electrical engineer, inventor, and physicist. A professor at the Massachusetts Institute of Technology from 1936 to 1973, he was a recipient of the National Medal of Science and a member of the National Academy of Engineering. John Trump was noted for developing rotational radiation therapy. Together with Robert J. Van de Graaff, he developed one of the first million-volt X-ray generators. He was the paternal uncle of President Donald Trump.

https://en.wikipedia.org/wiki/John_G._Trump

8:44 Mark Devlin: Was Assange really under arrest or was that some kind of ruse?

8:49 Charlie: All part of a ruse for the Mainstream Media to buy into it... to brand him a certain way... he's played a very dangerous role... none of this has been safe and easy for Julian Assange... he's put himself at risk... but then that whole family has... [Trump family]...

9:15 And there's much more to this family [Trump] that we're talking about that is yet to come... you don't know all of it yet... you don't know who's coming out next... there will be another person in this family that's going to be able to shine in the coming months... because this is all about Technology at the end of the day so we'll get to that later...

[Photo of Tesla onscreen with a baseball cap that reads 'Make Electricity Free Again']

9:55 AG Barr was placed well in advance to be a fly on the wall for the CIA... they realized a long time ago, from the Kennedys, that the CIA was too far gone and too dangerous to try and take down...

Too many [CIA] tentacles out there... so they haven't even tried to take down the CIA... they just cut them off... the CIA is now what it has always been it's just in plain sight now... a rogue agency... they always have been a rogue agency... they exist for the 13-families... that's all they answer to...

"I will splinter the CIA into a thousand pieces
and scatter it into the winds."

~ JFK

The 13 Bloodline Families

- 1 House of Borja
- 2 House of Breakspeare
- 3 House of Somaglia
- 4 House of Orsini
- 5 House of Conti
- 6 House of Chigi
- 7 House of Colonna
- 8 House of Farnese
- 9 House of Medici
- 10 House of Gaetani

11 House of Pamphili
12 House of Este
13 House of Aldobrandini

10:30 But AG Barr has gleaned a lot of information that's been valuable in helping them understand the CIA's role has been in all of this and what they were likely to do when this all came down...

10:51 So, DECLAS is everything because the NSA HAS EVERYTHING... Trump is armed with EVERYTHING...

10:53: By June of 2017, only 6-months in office, Trump has for the most part, cleaned most of the swamp... restructured the DOJ and the FBI which is most important... and some other key offices closer to home... closer to the President... were all cleaned out and the proper people that they had waiting in the wings were put in place...

11:21 In the Summer of 2017 where did Trump go first? He went to Saudi Arabia...

11:37 He paid a visit to the Crown Prince... Alwaleed bin Talal... was the crown prince at that time... he [Alwaleed] got right into the adrenochrome thing and the harvesting of children... and Saudi Arabia began to put in massive tunnel networks underneath the ground... this is all because Alwaleed got sucked in by the cabal / the 13-Families... as a HUGE player... one of the 3-main arms of their [cabal] weaponry...

12:17 He was exalted with enormous power among the minions... Alwaleed became one of the key minions by going really really really evil... and there were a lot of Saudis that didn't like this... you can say what you want about their beliefs but a lot of people draw the lines with children... this is why Alwaleed needed to be taken down...

12:49 There are articles everywhere in the Mainstream media... CBS news... do your own research... after Trump left Saudi Arabia in July 2017, he was arrested... taken down... and in his place was Mohammed bin Salman [Crown Prince of Saudi Arabia]... who was not OK with what Alwaleed was doing...

13:25 Backstory here... Alwaleed hand-picked Obama as somebody they could work with... exalt into power... and he's the guy that funded Obama... that's why Obama has this real kind of Muslim background... it's

because Alwaleed of Saudi Arabia was the one who decided they'd make Obama this lynchpin of U.S. Presidents... so he funded Obama...

14:08 If you're not aware of this... as a kid, Obama was passed around as a sex toy... in these big gatherings of powerful men... he was sodomized... and so it explains a lot about B. Obama but it doesn't excuse him for anything... just suffice to know he had a rough, rough upbringing... so he was ripe for the picking and Alwaleed funded him...

14:49 Alwaleed got Saudi Arabia heavily invested in adrenochrome and child trafficking and the set up and the murder of all of these children for adrenochrome...

Saudi Arabia Arrival

14:59 So when Trump arrived in the Summer of 2017... he laid out all the documents... that's what they did to everyone... they had [huge] folders and the folders had all the documents... there were photographs, they came with disks, CDs and DVDs and the CDs and DVDs had fantastic production value and it had all of their footage doing the most horrific things...

15:24 The NSA has it all on all of these people...the BIG things that scared them the most were these DVD compilations of their greatest hits of evil/horrific acts...

So Trump was there... the first day and handed all this stuff out...

15:50 Now... this is absolutely the truth... what happened the second day... the second day... both the Crown Prince and the King both submitted publicly control over Saudi Arabia to Donald J. Trump...

16:10 How do you know this? Because they publicly held The Sword Dance ritual... which is a very very big deal to the Muslim culture... only the King holds the sword... but we have the images here, and who's holding the sword? Who is at the very center at the top of the podium, who everyone else is in support of?

16:40 Donald J. Trump... is holding the sword... he is at the center of the state... this is Saudi Arabia publicly capitulating... and in one of the photos we have it shows the Saudi King looking like he's about to die he's in so much pain at what's going on here...

They just handed over the keys to Saudi Arabia to Donald J. Trump... in the Summer of 2017... Step #1...

17:25 After the declassification of the documents by the NSA... this was Step #1... Saudi was the big player they had to get on site... what is important to know is where Trump went next, he went with Saudi Arabia as part of his team...

17:30 Trump didn't just go there and take them down... no... they're now working for him... they're earning credits towards their own safe salvation... and their own not being as harshly punished as they could have been... we'll see how that all plays out...

18:00 Saudi Arabia is part of the Q-team now... the new Crown Prince that replaced Alwaleed was bin Salman and he really stepped up and became a key player and did a lot of things to help Donald Trump... so that was Step #1...

Step #2 Trump went immediately to Israel

Remember how angry everyone got at those pictures of Donald J. Trump at the wailing wall... confirming all of our worst fears that he was a Zionist tool...

19:14 Let me burst your bubbles here a little bit... this whole thing of Israel being the lynchpin... none of its even real... it's all fakery, it's all subterfuge... there's no such thing, sorry if I'm going to offend some people... there is no such thing as a genetic Jew... there's Hungarians, Poles, Germans and Czechs... Jews are just like us... there's no genetic race called the Jew... Israel is, Collen calls it, the ultimate Trojan Horse... it is designed to take you down a rabbit hole and there's no getting out of this rabbit hole... because none of this really exists...

20:12 Colleen: Just like they're playing the black card now [BLM] they love to play the Jew card.

20:15 Charlie cont.: So they invented all of this... with the Jews and then bad Jews, the Zions... I feel so terrible for all the people who were dragged into this... these are some beautiful people... remember folk, there's just the Venetians... there's just those 13-families... they created this ultimate Trojan Horse...

21:13 **Trump went to Israel and he sat down with everybody...** in front of the camera and behind the camera... with people who are really in power and he laid it all out on these minions... I'm talking to you, he said, not who you try to present yourself to be... I'm talking to YOU, minion, Netanyahu and everybody else, who is a child eater...

21:45 This is for you and you have a choice to make here... they were balking at Trump... even though the Saudi's had signed over... the Israeli's were balking at Trump and were not prepared to sign over... that's why Trump stayed an extra day... Trump was not going to leave Israel until they capitulated to him...

22:16 The "how do you know moment" is after visiting the wailing wall... Israel publicly submitted by allowing the United States to move their embassy to Jerusalem... with our American Military protection... this is symbolic act to show who has the power even in the Holy Land with the Jews and the Zionists... it was only done for one reason... to show those who had eyes to see it that Trump had now taken down Israel...

23:20 **Step #2 completed... Saudi Arabia and Israel on board...**

23:30 So where would he go next? **Who are the 3 BIG PLAYERS? Saudi Arabia... Israel... and then The Vatican...**

Arrival at the Vatican

Days later he shows up at the Vatican and he presents to Pope Francis a massive folder... apparently the folder was absolutely huge... Trump said, yeah, take your time, have a looksee... you might want to put your red shoes on, Trump says to the Pope...

23:14 Trump is saying I'm not leaving here until you sign some documents for me... and we'll get to why that was in a sec...

It took the Vatican [only] that night... and the next day they capitulated to Donald Trump...

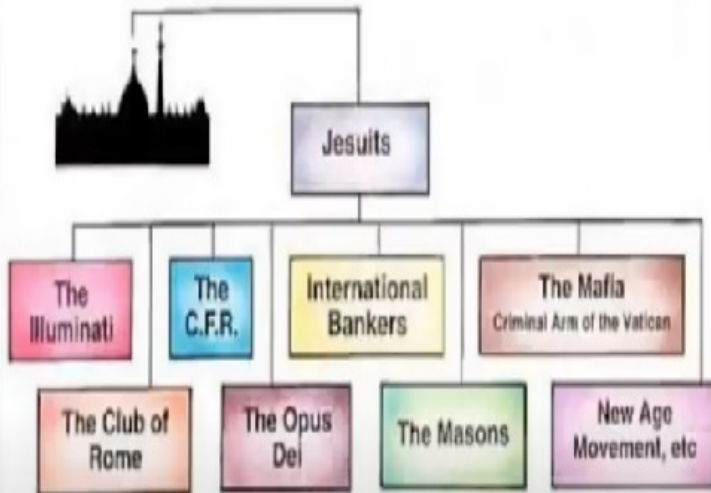

And there's a very famous photo in that Summer of 2017 of POTUS in Vatican City, next to Francis where Francis looks like he's been run over by about 60 semi-trucks...

and Trump has a look on his face that is a mixture of victory, joy and mischievousness... like he knows he's committed a big, big act here... a massive grin on his face...

25:13 *Now what did the Vatican have to do to sign off?... you see, the Fed is controlled by a certain group within the Catholic Church...* Who went forth and spread the teachings of Christianity? **The Jesuits**, because they're holy men (!!!)... *No no no no... The Jesuits are the real MAFIA, my friends...*

His color is black, the color of the Jesuit order which seeks to dominate the world economy for the antichrist through the following front organizations:

"The Catholic Church is the biggest financial power, wealth accumulator and property owner in existence. She is a greater possessor of material riches than any other single institution, corporation, bank, giant trust, government or state of the whole globe. The pope, as the visible ruler of this immense amassment of wealth, is consequently the richest individual in the twentieth century. No one can realistically assess how much he is worth in terms of billions of dollars."

(~~"The Vatican Secret"~~ by Arno Maestri)

25:33 Every little group of Mafia in every single town across this vast Earth... every little MAFIA pays homage to this particular group in the Catholic Church... they are in charge... they are the true Mafia [the Jesuits]... and they were in control of the Fed...

MAFLA acronym stands for

“Morte Alla Francia Italia Anelia”

‘Death To The French Is Italy’s Cry’

25:55 So Trump did not leave until Pope Francis issued a Papal Bull [a public decree, charter issued by a pope] announcing that by a certain date that The Vatican Bank, which was in charge of, the exchequer of all of the Earth-wide Federal Reserve banking systems in each country, would be handed over to one Donald J. Trump...

26:25 Donald J. Trump is not marked just the executor, the exchequer of the U.S. Treasury and therefore the Fed within the United States...

HE IS THE EXCHEQUER FOR EARTH...

26:38 He is the exchequer for the Treasuries for every single country on Earth. No human being in history has ever been more powerful owned more things or richer than Donald J. Trump.

To be blunt....

GAME OVER.

Q

26:54 **Mark Devlin:** Charlie, let me ask you where this leaves the Rothschilds? Because this is what we hear about the Rothschild family, they are said to be in control of the Central Banks in every country in the world so... where are they left in all of this?

27:05 **Charlie:** Brilliant question because at this meeting that cut the legs off at the knees of the Rothschilds in London...

27:18 So London was the financial arm of the cabal...
*Washington DC was the Military... Rome was the
Central Brain, they call it Spirit, but it's not... it was
the Central Brain of this unholy trinity of power...* and
what they did by doing this...

27:38 Trump's thinking is like the CIA and the
Rothschilds and the Financial City of London... is too
evil, too far gone, don't even want to work with them...
and he's not, he circumvented them...

THE TRINITY OF A GLOBALIST STRANGLEHOLD

City of London
(NOT ANY PART OF ENGLAND!)

Vatican City
(NOT ANY PART OF ITALY!)

Washington DC
(NOT ANY PART OF AMERICA!)

WAKE UP

THESE THREE STATES CONTROL THE WORLD

27:53 Like the crucifixion in human physiology you can't get through atlas, the 33rd vertebrae, so you have to go up and around... Trump went up and around the Rothschilds who are really a nasty evil piece of work...

The atlas is the first cervical vertebra, commonly called C1. It is an atypical cervical vertebra with unique features. It articulates with the dens of the axis and the occiput, respectively allowing rotation of the head, and flexion, extension and lateral flexion of the head.

28:09 The City of London, in the Summer of 2017, and I'm talking about the real City of London owned by, ultimately, the Venetians, but run by the Rothschilds, had their legs cut off at the knees... they have not been a real player ever since... ever since... all of their power was cut off...

28:38 They have been forced to do some really humbling things over the last 18 months in particular by POTUS... so if you want to know about the Rothschilds? They're still looking for their legs from the knees down...

28:52 So that was Step #3... now you see that the 3 main arms of this evil unholy pyramid have now been controlled... Saudi Arabia, Israel, and the Vatican... those were his first 3 stops...

Arrival at Brussels

29:16 Now, when Trump left Rome he flew directly to Brussels... and you all know the 2 big players that are in Brussels... you have this European Parliamentary for the European Union [EU]... and NATO that just happens to be in Brussels as well...

29:35 Trump called a meeting. They were all there. The political heads along with their finance ministers and then all of the behind-the-scenes individual players were all there for this meeting and Trump very famously came late. He made them sweat this out. He made these pieces of dung wait. They didn't know quite what to think and what was coming, so Trump makes them wait.

30:00 He walks in late and throws this big folder on the table and says, "We have it all". WE HAVE IT ALL, what's your answer? He played incredible hardball with the EU and NATO and in short order. Those little rats. Those little cowards they all capitulated in very very short order.

30:42 There was a whole bunch of things that occurred in the following days from there including the EU backing down on BREXIT and NATO having to step up and basically pay for the bulk and all of these different Nations instead of the United States having to fund all of them... it's not like that's a big deal in terms of saving money or anything. It's symbolic.

YOU'RE GOING TO PAY FOR NATO FROM NOW ON, WE'RE NOT, BECAUSE I'M IN CHARGE. I'M THE BOSS, SAYS DONALD TRUMP.
You do what I tell you to do.

31:11 When the photo op came for this famous meeting in Brussels, Trump again came late.

So all the film crews are there and all these heads of the EU and NATO are there. They're all under bright lights and their fancy suits on and they're all sweating like crazy... and Trump is making them all wait.

He walks in late, he does not acknowledge any of them... and he's whistling when he comes in... and he just showed everyone who was there that he was in charge of the meeting. He disseminated the information to the press... and then he left. He owns the EU and NATO. That's why they've done everything they've done ever since.

32:10 Charlie cont.: In October of 2017 there was an attempt on the life of the new Saudi Crown Prince, bin Salman, who replaced Alwaleed... and was helping Trump. This little operation that was set for him in Las Vegas [Hotel Mandalay Bay] was taken down at the last second and he was protected.

32:52 There's conflicting reports whether Alwaleed is still in custody or if he's been exterminated now for this indiscretion from behind-the-scenes.

33:10 What happened at this Las Vegas battle, when bin Salman was saved by the US Military through the INTEL received by the NSA and then given to bin Salman by Trump. He was asked to take on an even bigger role... and

he agreed to do it. He was basically saying to Trump, “Anything my brother. Anything my brother.”

Arrival at Major US Corporations

33:40 So what happened next is that staying in the United States on Trump’s behalf, bin Salman went to all of the major corporations, in particular the Media Companies, Google, Apple, facebook, Twitter, Microsoft, all these main companies were all targeted by bin Salman on Trump’s behalf. He visited all of them.

34:10 This is all verifiable. I’ve got all the documentation, all of the imagery showing all of these meetings taking place in late October, early November of 2017.

34:23 This is bin Salman essentially helping Trump to do all of this work for him... he visited all of these puppet heads for all of these puppet companies and he basically read them the riot act... showed them the documentation that the NSA had on all of them... and basically said:

34:42 "You play for Team Trump... Trump is now in control of these corporations... or DECLAS... all of this information will be declassified one by one... and each one of you will be offered up to the masses as a child murderer..."

35:04 So they all capitulated... there's the money shots of all of these heads of all of these various companies including Jack Dorsey for Twitter...

So all this stuff that's been going on lately of the censorship of Trump by Twitter is all part of the game being played-out for people to get angry and to wake-up to what the heck is the evil that's going on and to say something about it...

Arrival in Japan

35:58 From there, in late November 2017 Trump took his Asian tour... and again... it's the same thing... went to Japan first and did the same thing... the Japanese capitulated without much fight at all...

The symbolic gesture was at this Sumo Wrestling Championship Event that was taking place... they had Trump come on stage. This is only supposed to be the

highest figure in the land to present this enormous trophy to the champion Sumo wrestler... it is the symbolization of Japanese submission to Trump, the NSA and the Q-plan...

Epstein island tourists

[\[Unredacted logs\]](#)

Epstein island frequent flyers....
Now you know why this is so big.

Arrival in North Korea

37:08 From there, and Q-Anons did great stuff working this out... all of this stuff with North Korea started when Trump left Japan and flew directly to South Korea... and this first meeting was ostensibly to see if they could talk peace with North Korea...

37:20 But no, what it was to get all these Asian governments to capitulate their control over to Trump via all the documents / DVDs / CDs they [NSA] had...

37:36 *Remember, one of the biggest arms of procuring children for adrenochrome has always been Asia and Southeast Asia... and the Southeast Asian countries have been in cahoots with Hollywood and Washington D.C. politicians...*

37:52 *So a lot of these people who NEED children have leaned heavily upon these Southeast Asian governments to procure for them children... they demanded from them and they've done it for years...*

38:12 So Trump showed up showing all the documentation that they [NSA] had... showing that they were all complicit and that these were all capital punishment criminal acts... so they all capitulated...

38:28 And in secret, when Trump had that first meeting... in secret he went to the North Korean border and met with Kim Jong un... and began the process of peace talks with the North Koreans... Trump in subterfuge, in silence, completed those things on his own... and then as a HUGE surprise to the Mainstream Media **announced his treaty with Kim and the North Koreans...**

38:57 All of this was done because all Trump had to do was to show him the power that he had... and that was now all of these countries...

39:07 Remember folks, again... *all of these countries are not just stepping down from doing evil... they are*

also being forced into helping the Q-plan... all of these countries are now part of this process to help...

Start Part 2

Arrival in China

Charlie Freak: 0:04 Okay. So now the next stop was China. And this was huge. And Mark, I know that you have been very, very pleasantly surprised to see what the Chinese free peoples have announced publicly through [Steve Bannon](#).

Mark: 0:22 That's right. Another story the mainstream media just forgot to tell us about.

Charlie: 0:27 Completely forgot to mention that [China](#) has kicked out the communist devil worshipping Satanists.

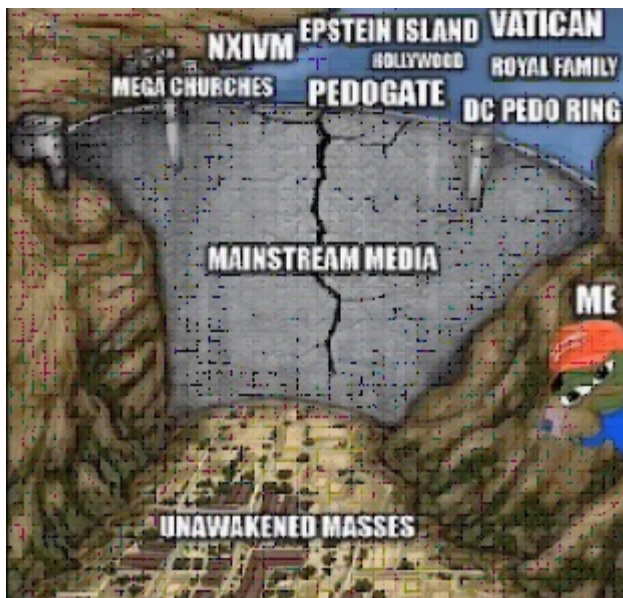

Mark: 0:36 It's not that big of a deal. It's just a small story for the end of the news.

Charlie: 0:40 Yeah. And it's not like there's a lot of people in China or anything, right? I mean maybe a million, I think. I don't know. I don't think there's that many. It's a huge deal, folks. And they ignored all of it. And this is huge stuff. So first, everybody knows, but the press didn't make a big deal of it. But in the spring, not long after Trump had become president, the president Xi Jinping of China visited Trump at Mar a Lago in in Florida. Trump's big big resort house in Florida. And he visited with Trump. Trump hasn't been president for that long. And people were just absolutely shocked. And they were also shocked because the mainstream didn't do much of a job in reporting on this or anything. But he did, he came all the way from China and met Trump at Trump's leisure at Mar a Lago. That's a huge deal. So after Trump cleans all the house in Southeast Asia, he then goes to China and where do he and Xi meet in China? In the Forbidden City?

This this is huge. It's called the Forbidden City for a reason. Because it is a very private, spiritual, secretive place to Chinese heritage, Chinese culture. And that's where they met. And of course, that was at Trump's request because this is there.

Charlie: 2:25 So every one of these things, there's always a marker. There's always a marker showing how each of these nations has capitulated powerfully to Trump as their overlord. And this is meeting with Trump in the Forbidden City is this this is probably the biggest one. You can't imagine, folks, how big of a deal this was. And of course, the mainstream media. Yeah, just kind of silent about all of that. And at that meeting what the apparently the Americans were very, very surprised to find out is how desperately all of these Chinese officials wanted these evil, evil communists within their midst to be kicked out. They wanted this they wanted to get away from all of this evil, because remember, some of the worst, worst, worst, worst possible things have taken place in China and it's horrified people who have had a conscience. Not everyone is an evil person. People do have a conscience. And it affected a lot of the Chinese and they were horrified by the things that they were being asked to do in China. And they wanted this. And so they met Trump with open arms and they capitulated to Trump's authority willingly because they wanted this end to the cabal rule over them through the subterfuge of a communist state.

Mark: 3:57 What's the deal with you being able to put out information like this? Because I know it's felt that the general public is not ready to handle this explosive information yet, and yet you're able to reveal all this stuff on the podcast today. Is this because, at most we're looking at maybe tens of thousands of people that actually hear this, it's going to be very limited. It's very far from the mainstream general populace getting to hear about this. It's just a few people that have an interest in these subjects that are able to get a heads up ahead of the news breaking officially. Is that what the thinking is here?

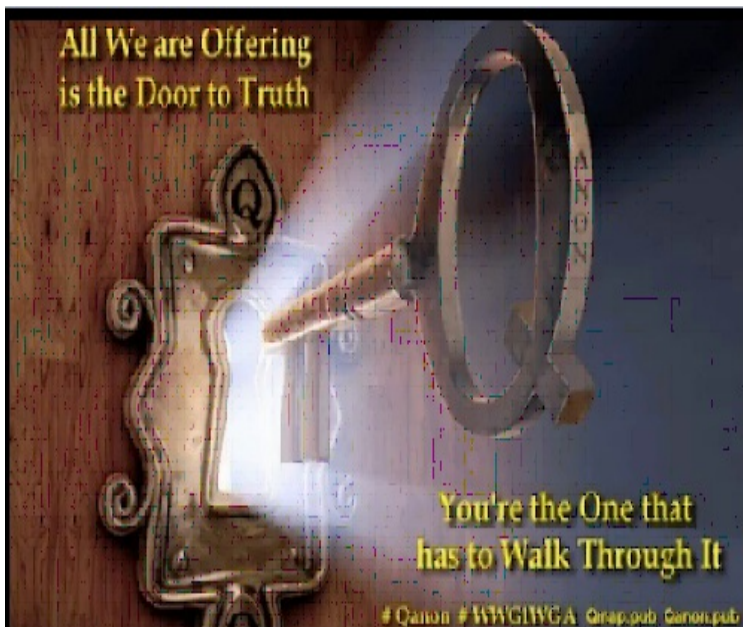

Charlie: 4:32 Exactly. Charlie Freak is a bit of a nutter, isn't he? He's pretty extreme. He was the first one to say that. No, **everything is a lie and I mean everything is a lie**. That was Charlie Freak. And then going into the religious aspect of things, Jesus is this figure of this Swiss looking white dude by the name of Jesus Christ is not real. Charlie Freak is a nut job he's got some good stuff, granted. And he and Colleen are good people for what they do, working so hard with all of the animals. But he's a bit of a nut job. So there's a reason why we have 4000 subscribers and not 40,000 or 400,000 subscribers when all we teach is the holistic truth. So we're kind of insulated by telling the truth. And we don't sugarcoat it either, right?

Mark: 5:30 This is like the reverse of the predictive programming that the Cabal did. They put out their little clues in films and stuff, and only a few were ever going to decipher those clues and understand what they pointing towards. And this is like the reversal of that. So it's true for just the few, the very minimal few that are able to understand this information and take it on.

Charlie: 5:49 And it kind of gives Colleen and I a lot of chuckles as well. And as you know, we've never been concerned about our numbers as our numbers were never we're never going to be..., we're watched very, very closely on YouTube. So, yeah, we're very safe to have this knowledge because we're good people. We're a good people. We do we're good folks

and we care so much, but we're a couple of nutters.

And the thing is, remember what I said at the beginning of the show every day moving forward, Mark Devlin and Collywog and Charlie Freak become more and more valuable and more and more important because we surrounded ourselves by the truth and we've been sharing the truth. So no matter what happens moving forward, our services are going to vastly and desperately be needed. And some of these others, not so much, not so much. So you find yourself in a situation where there are a lot of people who are rooting for the bad guys here. And that's all I'm going to say. You guys do your own research to come to your own conclusions. It'll all come out in the end, I promise you. But there's a lot going on here, my *friends*, and it's pretty, pretty ugly. That's all I'm going to say about that. So after China, Trump went to Vietnam and you got it. And at that, this very public ceremony, Trump was placed slightly ahead and to the right of the Vietnam president and showed himself to be in charge and Vietnamese. So what the Vietnamese promised was to stop their participation in procuring children.

Colleen: 7:44 For human trafficking.

Charlie: 7:45 Yep, yep. So he didn't leave until they capitulated and they capitulated quickly. Most of these most of these did not put up a fight, folks. Israel put up the biggest fight.

Next Stop Davos, Switzerland

Now, this is a big one for me. And boy, you talk about going into the Lion's Den. The big one after Vietnam and the end of the Asian tour for Trump is in January, I believe it was very early in 2018.

Trump attended a very, very famous meeting because of everyone who was purported to be there at Davos, Switzerland. You guys remember this? This

is January of 2018. This was quite a big deal. Soros was there as well. He was present at this as well. And at this meeting, you're talking about the biggest international corporations in the world. This is it. These are the key players and these are the biggest, most evil corporations that are at this meeting at Davos, Switzerland. It was called by Trump. That's not what they said publicly, of course, but it was called by Trump. Trump came in late again. He sat at the very middle of the table and basically everyone was kind of wrapped around Trump because he was the boss of this meeting. And Trump laid out documents and folders. He started with envelopes very similar to what occurred at the George Bush funeral when he first arrived. And you had a lot of very, very worried people for the meeting the next day because of what was said in these envelopes the day before. And then the next day at this meeting, he provided a whole bunch more information about each one of these evil fucks. And the meeting very, very quickly. Now, this is kind of a scary place it would be for me anyways, to go to Davos, Switzerland, and all of the caves and tunnels underneath those mountains. And they could have abducted him and said that this was some kind of kidnapping and they don't know where he is, but they're going to use all of their resources to try to... This is scary big stuff that you talk about happening.

Colleen: 10:14 I'm sure he didn't go there alone.

Charlie: 10:15 No, I'm sure he didn't either. But still, you talk about cajones. I think this was Mark. I think this was Trump at his most vulnerable was this January 2018 meeting in the lion's den at Davos, Switzerland and Soros was there.

Mark: 10:32 That was crazy for that trip.

Charlie: 10:33 Yes, like, like scared little rodents. They capitulated quite quickly. I think Trump played it really well with those envelopes the first night and then made them sweat it overnight and then the folders the next day and they capitulated. And Trump did not leave without them. And remember, again, folks, this is not just saying to Nestlé that you're not going to poison the water anymore.

Colleen: 11:05 Or steal the water anymore.

Charlie: 11:06 Yeah, well, yeah, but you're also working for us. And what we ask you to do, you do. And if you don't, we go public one by one. We don't make this look like a big conspiracy, and we're nuts. You're a lone nut. You're a kook. You're a sick child abuser, and we're going to pick on you individually. That's what Trump said to each of them. We're not going to make this a conspiracy that'll help you. We're going to single you out and eat you alive. So they all capitulated at this meeting. And this is a huge one

because these are the biggest companies. HSBC was there. This is evil. This is the faces of evil were at this meeting. And George Soros was at this meeting. Mm hmm.

No more ISIS?

Mark: 11:53 There has been a notable absence of ISIS terror attacks in recent years. I know there was a huge spate of them. I'm trying to remember the years. Maybe it was around 2016, 2017. But then I don't think we've heard from ISIS for a good couple of years or more. I wonder if that's a coincidence.

Charlie: 12:11 John McCain, now let's just do the John McCain math here. When was John McCain alive? When was John McCain spending a lot of time in the Middle East? And then when did John McCain get taken out and have a dishonorable discharge and a dishonorable funeral where the flag on his coffin was a skewed, pointing out that he was dishonorably discharged from the military before he was shot in the back of the head. So, yeah, let's do that. Let's do the John McCain mathematics here. Okay. And then you add that up and I think you can come to an answer. You can figure out when

ISIS just seemed to go away. John McCain had to nurse those idiots into doing the things that they did. ISIS was his charge. And that's why you have so many shots of McCain over in the Middle East hanging out with all four of the main ISIS's evil heads. You know you're never going to find all of them. I know he just happened to be having lunch with all four of them. Yeah, they're just his little buddies.

Mark: 13:26 So I think they've all got coronavirus now, which is why we don't hear from them.

Modi in India

Charlie: 13:30 That's exactly right. So these people, sickening. So then Trump went to India and the Modi, who was the Indian leader very publicly. And by the way, this is really, really a good one because I'm not sure necessarily why it worked this way. Maybe it was Trump's idea, I don't know. But from Modi, the Indian leader onwards, you see all of these international presidents and prime ministers, all coming to these public meetings now with their with their arms wrapped about and their hands all wrapped about like they're symbolizing that their hands are in cuffs.

Colleen: 14:18 That their hands are tied.

Charlie: 14:20 Their hands are literally tied. So the first one to do this was Modi. And at this and there's such a weird thing, people were kind of looking at him and going, it's kind of odd like why does he keep doing this? And he was trying to draw attention to the fact that he was clasping his wrists, wrists because he had like he had cuffs on them. So don't blame don't

blame me. Don't get angry at me. I'm sorry. My hands are tied, is what he was saying. So he took India and made India work for him.

Central Americas...

The Central Americas, starting with Mexico. Amlo, the corrupt. Oh, no. He's a good guy he's a kindly old man. And AMLO, he cares about the Mexican people, and he's going to change the eyes of evil. But anyways, he was quite resistant. And Trump actually made comments to that about how inhospitable Mexico was to him. And people were just like thinking, Well, yeah, because you were all doing all that wall stuff and stuff. No, no, no, no. It was about your racist.

Colleen: 15:28 And you don't like Mexicans.

Charlie: 15:29 That's right. No, no, no, no. It's about racism. Amlo didn't want to give up eating children and give up his power to Trump. Kind of liked his little gig, but they did. He went to from Mexico, from Mexico City. He went to all of the Central American countries and they all signed over. And then in all of these meetings, all of these various leaders, AMLO included, all we're doing, these clapping their hands together in their wrists together, like they were being bound and forced into doing this. These and I won't even get into it, but there's kind of a reason with these Spanish types. But anyways, we move forward.

We get to Brazil and the new Brazilian president [Bolsonaro]. Yeah, he thinks he's got the best job in the world because he's far away from all the bright lights of the mainstream news. And he can just rape and go to the bank in Brazil. No. Trump pays him a visit and tells him he's working for Trump or else. And so they have this very public meeting where, once again, Bolsonaro, he clamped his hands together and his wrist together, showing that he was forced into doing this. And he submitted over to Trump as well. And then after Trump leaves, guess what? One of the first acts that Bolsonaro did as the president this is very key everywhere, by the way, folks, is all of these then key arrests after Trump left these countries of key pedophilia cover companies and individuals.

Charlie: 17:18 And so Oprah's best friend in the world, that beautiful spiritual man, John of God, who is running one of the largest child trafficking and Adrenochrome production facilities in the world, just an absolute monster. Oprah's best pal. He was arrested shortly after Trump left by Bolsonaro, the president of Brazil. And they took dear, sweet man of God, literal Christian Jesus, who maybe looked more Latin than Swiss. But anyways, he was arrested and the rest is history there.

So then he went to Argentina. And Argentina has long been kind of a safe haven because it's as far as people get away. Obama at the Obamas, Mike, Mike and his little bitch Barack, they used to go there quite a bit because they were planning their safe escape, their retreat, if certain things should come out. They spent a lot of time in Argentina, as well, as did a lot of people. It was kind of like their hideaway place. Trump went there and this Argentinean president, who is such a corrupt person, is just is just brutal. Trump was so disrespectful to this guy.

Argentina

Colleen: 18:49 Well, they had the G-7 in Argentina.

Charlie: 18:51 Yeah, that's right. So therefore that meant they had to have the global banksters, the banksters there as well and stuff. So there's actually quite a lot of people that were there as well. And but Trump's behavior to this Argentine president was just brutal, just treating him like the scum of the earth that he is. And of course he capitulated.

Mark: 19:18 And the press always presents this as Trump just not observing protocol and he's just this oaf. He's uncouth and all this.

Charlie: 19:27 Yeah, Yeah.

Colleen: 19:29 Just a buffoon.

Charlie: 19:30 That's right. Well, yeah, the big thing with this Argentinean president is that Trump just up and walked off the stage after, I guess he Trump had spent I guess he felt long enough. I was five or 10 minutes for a couple of questions and some photo op and he just up and left and didn't say a word to anyone, including that Argentine president. And again, it's a power move. And basically just saying you're scum of the earth. We know who you are. You're scum of the earth. Just obey what we tell you or else.

And that's what he did.

Canada

And then at the G7 summit in Canada, he very fortunately, of course, had a horrific pedophile and adrenochromer Justin Trudeau was hosting the meeting. He was there, but Angela Merkel was there as well. And she was one of the big ones that he wanted to be there as well, because she didn't play a major role back in Brussels. So at this meeting, he got everyone there. But in particular, it was the capitulation of Justin Trudeau of Canada, Angela Merkel of Germany, and both of them did the same thing. In fact, Justin Trudeau spent most of the G7 with his hands clasped together like he was in handcuffs and Trump did a lot of very, very suggestive gestures towards Justin Trudeau as well, kind of pointing out some stuff.

Charlie: 21:05 One of the ones that Trump is kind of cute at treated the absolute worst with the most disrespect. He just treated him like a little child was Macron, the French president. And of course, he was is just so known for being just an absolute Rothschild stooge and a horrible adrenochromer and the stuff that Trump did with this clown in public in front of the press and the media to make him look bad was actually incredible. So he got Macron to submit capitulate as well.

Now, Theresa May in your country resigned to allow Bojo [Boris] to take over as a Trump supporter and she exited. And as you remember Theresa May remember in March, she was crying and crying and crying and she couldn't control herself. Do you remember? Okay, well the real reason that that she was actually crying is not just all the stuff that they had on her and that he showed, but that Trump actually showed the intel from the NSA that the Phoenicians were planning on taking her out. She was actually set for an assassination. And Trump apparently showed her all the intel, all the detailing on where and when she was going to be hit and how.

Colleen: 22:47 So he basically saved her life.

Charlie: 22:48 He did save her life.

Mark: 22:50 What would have been the objective of taking her out then?

Charlie: 22:53 To get Boris Johnson in, somebody who was going to be strong and if you think about that Boris Johnson...

Colleen: 23:01 They have to put somebody else in.

Charlie: 23:03 Yeah. That's right. They must have had must have had

somebody else that that they wanted in. And so Boris Johnson is the strong character now. He does appear to be strongly *evil*. But again, if he's playing this role, then he is a very strong, strong character.

Mark: 23:22 He must be a damn good actor, because he's got me fooled.

Colleen: 23:24 I think we should have awards after all this.

Mark: 23:26 It took me a while to come round to the idea of Trump, but yeah, I can see that. But I don't see it with Boris.

Charlie: 23:33 Yeah, and I would agree too. He sure had me fooled, as well. Yeah. I really thought that he was just another one of these. But I guess the real trigger was that speech at the UN, half the speech was sort of good old Boris and vaccinations. But the first half of that speech at the UN that he did, that was beginning of April, end of March, that speech that he did at the at the U.N. in New York when they had the UN, there was almost no one in attendance because they had all fled, because

Colleen: 24:13 It looked like he was by himself.

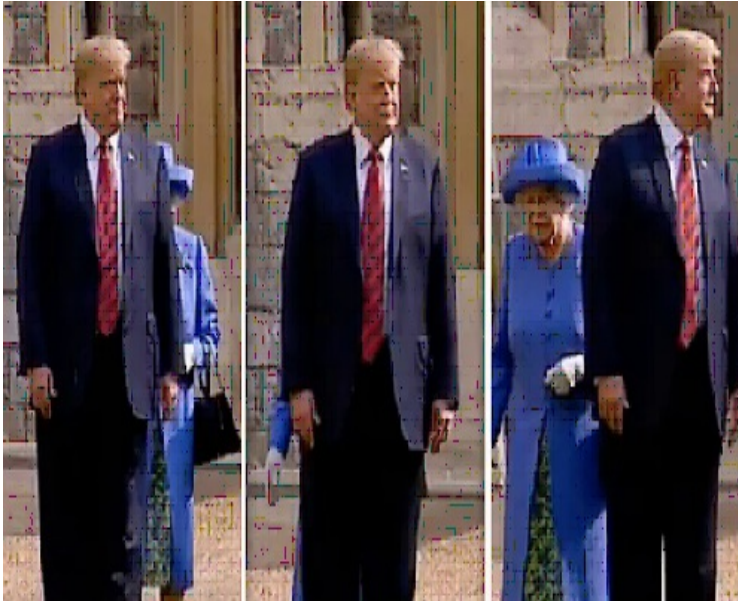

Charlie: 24:14 They're all child traffickers. They had all fled into hiding. But he that first half of that speech is Boris Johnson kind of telling you that that there is a control mechanism in place and that an evil cabal is ruling things. But you know what? Get your shots. And he finished his speech with that the COVID is real and that these vaccinations are very good for you and important.

Mark: 24:42 So, yeah, well, that's why people have a hard time accepting that he's on the side of the people with all the stuff that he's put out there.

Charlie: 24:49 Yes. And after hearing this. I don't think anyone should turn and make Boris Johnson a good friend of theirs or anything like that? No. Remove this fake, illegal, evil government from power. Don't wait for the November 20, 2020 election to do it. You make your own change. This is your country. And I think Boris Johnson should be should be taken down. He's just been a horrific prime minister surrounded by horrific people. Yeah, I just want to give you that stuff on Theresa May and her just crying like a baby as she stepped down and stepped away from it all. They didn't even like her in the end. They didn't like her. "Nobody likes me", says Theresa.

Mark: 25:46 We didn't like her either.

United Kingdom

Charlie: 25:47 Yep, that's right. And then, of course, very famously, his little trip to Buckingham Palace and the royals. And there's a lot of conjecture if that was even the real Queen who was there that day. Because she most famously has I think the most body doubles in place. But his behavior, Trump's behavior that day was just incredible. He just walked all over the place, wherever he went. And that Camilla Parker, she really hated it. There are a lot of photos of her just incensed by Trump's apparent lack of protocol. And Trump was just walking all over the place. And one of the great shots that exist is that Trump walked right up to Prince Charles, which I think is a good indicator that that wasn't Charles who was there, because that's, I think, what Trump is pointing out. Trump stepped ahead of Prince Charles and started to walk away at a pace that Charles couldn't keep up. And he walked right over to Charles private guard and just began shooting the breeze with them and having a good conversation. You can imagine the kind of questions or the kind of statements he was making to these guys that

had to observe what the royals were up to. And then the *coup de gras* shot was that Trump managed to get himself and have a photo op in Winston Churchill's very famous leather bound chair. And Trump has the shot where he kind of famously replicates a famous image of Winston Churchill just sort of exerting.

Colleen: 27:44 Looking like the boss.

Charlie: 27:44 Yep. Looking like the boss. Exactly. Looking like he did on *The Apprentice* as the boss and firing people left, right and center. "You're fired." And I think that's the significance of that shot. And again, when we do the video package for this, which eventually, of course, if you want to put that version on your site, too, you'll be able to do that as well. That'll be awesome.

Russia

So and then from there, he went to Russia and boy, was this ever a big one. Hey, if you if, if everyone remembers that. Actually, no. He met he met Putin in Norway. That's right. They actually did it in Norway. And so at this at this meeting between the two of them, they're both at the podium. And Putin has a soccer ball.

Colleen: 28:39 Which has connotations, though that isn't so funny. We talked about this earlier.

Charlie: 28:44 Exactly. It's horrific. It's horrific. I know. But I mean, it's just you couldn't put it more in plain sight. So at this very public, this is in front of all the press snapping their pictures, taking their video.

And there is Vladimir Putin and he hands over to Donald Trump a soccer ball. And he famously says "the ball is in your court now, Mr. President." So does everyone get that Putin hands Trump at this public conference a soccer ball and says the ball is now in your court. So what Putin is saying, we're on

your team. Please don't have us killed. We're on your team. And so the ball is in your court. But we just want you to know we work for you now. And of course.

Colleen: 29:41 I'm sure that'll all come out, whether all of these people and who in all of the political realm, who has been working because they had to and who has been working because they wanted to.

Charlie: 29:53 That's right. That's right. So, yeah, so.

Mark: 29:58 Not bad for three and a half years of work, really, is it? It's a pretty good track record.

Charlie: 30:02 Just incredible. Just incredible. And that you know the soccer ball from Putin. I think for all of you who have been rolling your eyes at this adrenochrome stuff, shame on you.

Adrenochrome

Colleen: 30:14 Because we understand why you'd want to not believe it.

Charlie: 30:17 I guess it's just that it is the children. You need to take this seriously. You need to take this if you do a modicum of research, like Mark said it just even away from all of the Trump stuff, the adrenochrome stuff just sticks out like a sore thumb. I mean, that's just the source of Hollywood movie after Hollywood movie.

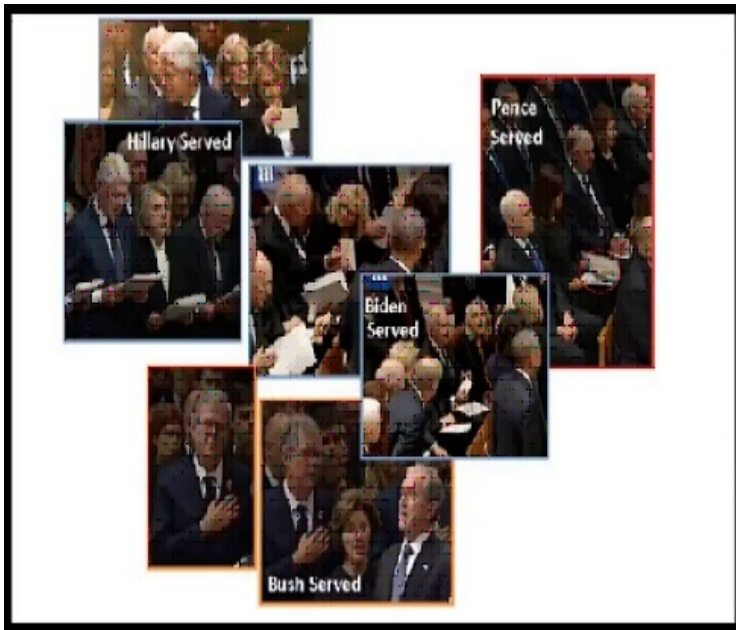

Mark: 30:36 So what is going to be the mechanism for eventually communicating all of this to the general public, to the masses? It's presumably going to involve some kind of emergency takeover of the broadcast networks in all these countries. That's the only way it's going to get out to everyone.

Charlie: 30:54 That's exactly right, Mark. That's exactly right. And what's going to happen is that the only thing that will be available via a multiple sources of signals, but it'll be the one channel, it'll be the one thing, and that

will be from Gitmo, Guantanamo Bay, and that's going to be the military tribunals or all of these people who are left are going to be accused. And that's the big thing, I think how this all plays out, because the evidence is there. There's no there's no real defense. They've all tried to make their defenses now by capitulating. So, like again, Kevin Spacey, Jeffrey Epstein, the Bush family.

Bush Funeral

When everyone was at the funeral service for Poppy, good old Timberwolf, when they were all served those letters, they all just panicked. And in fact, they requested meetings with Trump after that. Everyone remembers that. Right. When did Trump arrive at good old Timberwolves funeral? Did he arrive early or did he arrived late? He arrived late. Did Trump and he interrupted the service and he was in the front row and he interrupted all of these past sitting presidents. He interrupted the entire service. He made a mockery of this service to the monster known as George Herbert Walker Bush, Timberwolf, Poppy.

Mark: 31:36 And they all looked rather ashen faced after they got their envelopes, didn't they?

Charlie: 31:40 That's right.

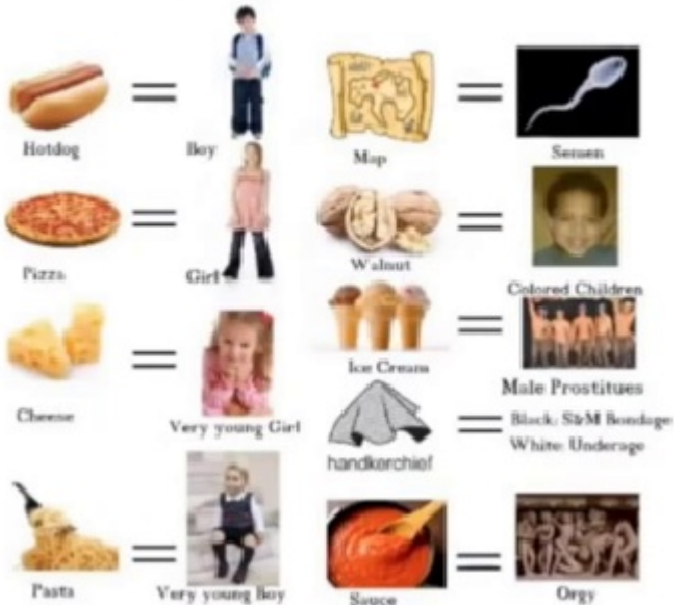

End Part 2

Start Part 3

Pedophilia

Pedophile Codes

Charlie: 01:40 And let me let me throw you the punch line. They made overtures to Trump. So just to let you know, and then Trump had them and he's had various famous people deliver pizzas to various groups in public. And do you do you folks see any significance in doing this? Why would why would Trump have Kevin Spacey deliver pizzas in public? Why would they have why would Donald Trump have George W Bush serve pizza to his Secret Service detail and make sure that this was a photo opportunity and have photos taken of it?

Colleen: 02:32 Submission.

Mark: 02:34 Symbols will be their downfall.

Charlie: 02:36 Yeah, it's submission, but it's also symbols would be their downfall, the pizza and also what the Secret Service guys had to witness as security for these, these evil fucks.

So it's these poor people that you see. Remember how I said to you folks at

the beginning of this how there are millions of victims of World War three. It's just different. And these Secret Service agents, all of those guards. Trump He famously outpaces Prince Phillip, goes over to Prince Philip's detail. What do you think he was saying to them, I love you guys. I love what you stand for. I can't imagine what you guys have had to witness and just know that help is coming. Just know that help is coming. I'll bet you that's exactly what Trump was saying to Charles's Royal Guard. So there are a ton of victims. There are millions and millions. And of course, the number one victims are the kids. And when the numbers come forward, you're going to be sick to your stomach. So this World War three. This is the worst ever. It just doesn't seem that way. It just doesn't seem that way. But it is, folks. Nancy Pelosi, he took Nancy Pelosi down very famously. Governor Newsom of California, former governor, Governor Jerry Brown, he took them down very, very publicly. In fact, it's after those paradise fires in California there was a video that was shot of Trump boots on the ground, checking out the source of the fires and stuff.

Charlie: 04:19 And for three straight minutes, both Newsom and Jerry Brown, governor and former governor, had their hands wrapped together behind them for the whole 3 minutes. The whole 3 minutes. They were told to have their hands look like they were handcuffed and behind their backs for the whole 3 minutes as they're walking in and amongst all of the wreckage and flotsam and jetsam of the insanity of those paradise fires. And they're walking about with their hands cuffed behind them without cuffs on for 3 minutes. And then the picture that I posted on our page the other day, I think going back to the end of March or the beginning of April, Trump forced New York Governor Cuomo to show up to his press conference with his nipple piercings in. And they were showing underneath his white shirt and I posted the picture. You can see them plain as day. And not a single person in the press noticed it. Or if they did, not a single person in the mainstream media said anything. And in one shot, Cuomo was forced to pull back his jacket and unveil for some bizarre reason, unveil the whole front of his chest. And still nobody got it or nobody asked him a question about it. "Hey, Governor, why are you wearing nipple piercings?" And they appear to be huge nipple piercings. And it's just so you know, folks.

Colleen: 06:04 The bar.

Charlie: 06:04 It's the bar. And so just so you know, folks, the back story to this is that the footage that Trump had on Cuomo at a Spirit cooking event and Abramovic was there. There was a child murder, torture going on and at this party, all duded up in different paint and ceremonial costume and stuff was Governor Cuomo with these big nipple rings. And so you can see how Trump can be can be pretty tough here, folks. He said, "you're pretty proud

of those nipple rings when you're killing kids. How about you wear those nipple rings to your next presser?" And he did what he was told? Well, he did what he was told. And you can see it.

Mark: 06:59 I feel like I need to take a shower after this podcast.

Colleen: 07:02 Right.

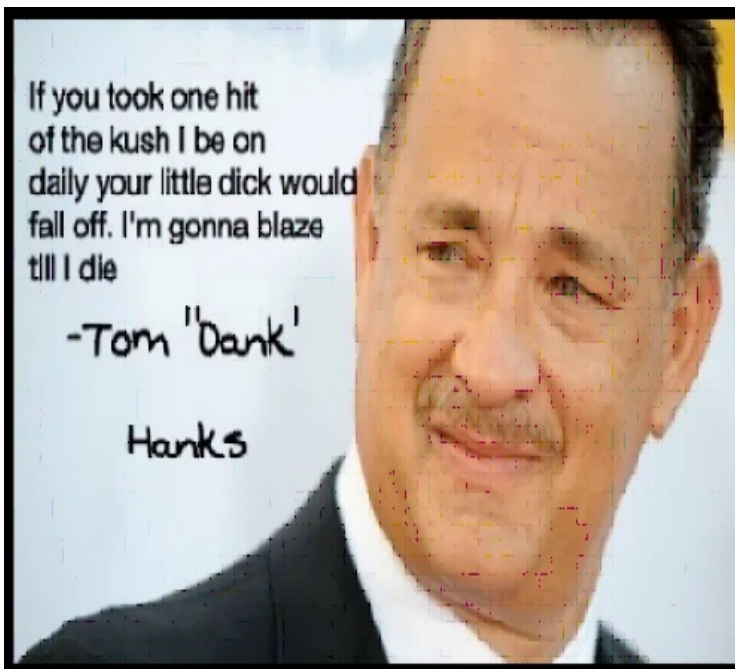

Mark: 07:03 Now. If the Cabal knows its days are numbered, there's every chance they might try to roll out every weapon that they have in their arsenal at this stage, you would think so. They pulled the George Floyd Black Lives Matter stunt out of their tool kit. Presumably we can expect more along these lines. Or would you say that they've been so neutered by now and they've been rendered so impotent because so many of the ring masters have been put out of action that they don't really have that many tricks left up their sleeve or they've got it's the mainstream media and all the propaganda and fear that they can spread through that.

Charlie: 07:41 Yes.

Mark: 07:44 I guess my question is, do you expect more false flag stunts to be forthcoming between now and November or do you not?

Charlie: 07:50 Yes, but not to the same extent because of Soros. Soros has been removed. Now, I'm not saying that that I know that Soros has been murdered or not because the Soros trial publicly would be exactly what they want. Just like Oprah. People are people are calling for well, "if they kill Tom Hanks, please, please kill Oprah." No, they don't want to do these things. They want these people to have the first of two judgment days. There's going to be the big judgment day, the only one that really matters. But there is also going to be a judgment day here on earth where we all get to tune in if we want. And they want this for Soros. So it's my belief that that Soros has been removed. But I think he's I think he's still alive. They want these key people for these trials. They really do. The ones that they have killed, they have had to do so.

And remember, I'm going to just make this very clear. It's when the when one child's life is at risk, they've made the decision to execute. So the ones that have been executed are the ones that have posed the greatest threats to children. And that's why Tom Hanks has been taken out. And we're told Rita Wilson as well. I have no idea whether that's true or not, but she might as well be. Do you see those pictures of Rita Wilson in her last days or the last photos that exist of her? Yikes, yikes. Missing your adrenaline so much? Yikes.

Mark: 09:29 You posted a picture that Tom Hanks had taken in Australia of some Vegemite spread on some toast. And there appears to be an image carved into the vegemite on the toast. Very bizarre story, but again, more symbolism.

Charlie: 09:43 It is. And also people most people didn't get this. The symbolism of the glass of water tilted up on the side of the plate, but the water was level. So people are going see, it's a mistake, it's an error. It's all Photoshopped. This isn't real and stuff. No, he's on this. This is Australia and he's been taken into custody, custody by the US Marines. And the Marines are the ones that have been going ship to shore all around the world. The Marines have been doing all of the international arrests. And so he was on, I guarantee it, a U.S. naval ship that was populated by the Marines, and he knew that he was going to be. I think for me, I take all of that that he was going to be executed that day, that that was his last. That was that's his last message and stuff, other than, of course, hosting Saturday Night Live from hell, I guess. But so, yeah.

Mark: 10:52 It was supposed to be a hanged man, right, the image?

Charlie: 10:55 That's right. I took another image and then highlight it so that people could see it a little bit better, kind of outlined it and highlighted the hangman image. Also, by the way, folks, you can see it with the toast. Not many people have got that itself. But again, to hang a person, you have to have a column that is very sturdy. But then the person that's hanging has to be away from that post or they can wrap their legs around it to try to suspend themselves. So they go out and to the right. Correct. That's what the hangman's pole looks like. Well, that's how if you look at his breakfast toast, just while you're listening, go back and just check it and then look at Tom Hanks toast. And the second piece of toast is out is up and to the right, and that is the hangman's post with the noose. And he just he took a bite out of out of the noose. And what a lot of people have not got in that little post is what I put up at the top there.

Charlie: 12:01 And that little that little saying that is that's from Tom Hanks. And that's what Tom Hanks said is as his sort of farewell words to this world, which is that that "I smoke up good shit every single day. And the stuff that I smoke is so strong that'll make your little dick fall off." Who is he talking about? What's he talking about? He's talking about little boys. Little kids. And then he says. "And I make no apologies." He said, "I'm going to go out on fire as I lived. I live my life on fire. I lived it my way." That's Tom Hanks being a devil to the absolute end. So if you're wondering why he was taken out, because they could not guarantee the safety of children with that that man alive. So how sick and evil is Tom Hanks? I'm just telling you, folks, that it's all going to come out. It's all going to come out the stuff and what he was really doing and what he was really behind. Tom Hanks was behind a massive, massive organization.

Colleen: 13:07 And how does that psychologically affect you? Like, it affects me because I liked Tom Hanks as an actor, and I used to think that he was a fairly decent person. And just knowing that I even liked someone like that and the thought of the things that he's done, it just makes me feel like you said, you want to take a shower, you feel so dirty. That's how I feel.

Mark: 13:28 A very important question that I've got, which people have asked me to put to you, actually is the takedown of the deep state criminals and all these paedophiles and stuff is something that would be welcomed by anyone in their right mind. Everyone would want that. But what about what lies beyond all this? And what would the world look like once this system has been dismantled under Donald Trump? So when he enters his second term, how can we be sure it wouldn't just be another expression of a kind of new world order, one world government just under Trump in his vision? And also what would happen at the end of Trump's second term? So

presumably he's going to get re-elected in November. That will take him through to what, 2024, then, by which point he'll be 78 years of age. Imagine that. What happens then? Any insights into that?

Charlie: 14:22 For sure. But again, people are just going to believe anyone who's asking that question in relation to all that the man has done. Clearly it's mind blowing to me. But anyways, Trump is going to walk away from all of this. He's not going to continue on with this much longer. This has taken an incredible toll on him. He's done it at his age because Trump is a very remarkable, very remarkable individual. He really is. And he has a strong will of life. There's a lot of things about Donald Trump that people don't know and about his maturity and wisdom and about the spiritual side of Donald Trump as well. And I also really want to point out to everyone, here's the thing. If you if you really understood, if you enter stood your numerology and symbology, you'd absolutely know. So the biggest reason how we know and are absolutely sure about so many things is because of all of the numerology and symbology that has always been used by the Q team by Q. John F Kennedy Jr. by Donald J. Trump. The symbology has never there's never been a mistake. There's never been a situation where they've used the wrong symbology. It's always beautiful.

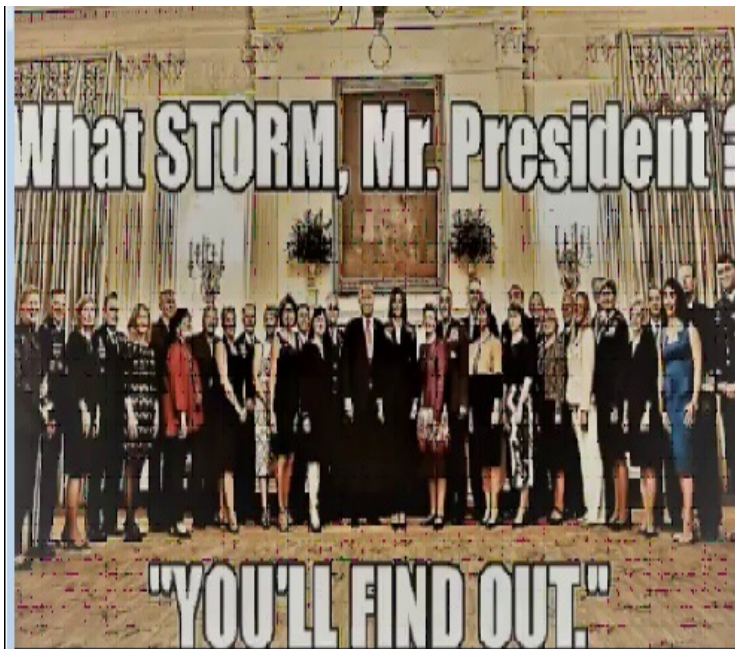

Creating Leaders

Colleen: 15:57 Trump is trying to end the Q movement, are trying to really create leaders. We are to all become leaders, and that's why they're giving it. They will give it back to the people. But before that, we need to find out who we really are and what's really been going on. And I would suggest that that's what the Great Awakening is and that's what all this is about, and that's why we're doing what we do and that's why you do what you do. Mark We're trying to create we're not trying to create followers. This isn't about creating money for ourselves. I mean, those are all bonuses that we can get resources out of it. But it's about creating a mindset for people to go and discover their own truths. There's a truth out there that we need to discover. It's been hidden from us. And when we realize all of that, we will be the people that we need to be. And we can then run our own communities, our

own world. *We don't need those politicians*, We don't need those authorities will not let ourselves get into this predicament again where we give our power away. And so what do we have to prove that Trump is going to do this? Well, I think we've laid out a lot of who Trump is and what he's about. And we have to have faith at some point and we have to grow up and we have to become responsible for our own lives and we have to become responsible for our families and our own actions. And so when that happens, we will be the regenerated person that can do all of those wonderful things and share in this in this incredible world that they're saying “we've taken the evil, now what are you going to do?”

Hope

Mark: 17:35 And if this does turn out to be just another social engineering psyop, it would be just about the cruelest psyop ever played on the public psyche. One of false hope.

Colleen: 17:45 It would be, but I know it's not.

Charlie: 17:48 Yeah. Yeah. And if you and again, that's not just a hope statement. If you know your symbology, if you know your numerology, you know all of this is real and they're just constantly coding. That's the beautiful thing. If you take all of this seriously, like the Q Anons do this, this is amazing stuff because they know their symbols and this is all godly, ancient, spiritual, godly symbology and numerology. It's beautiful. And that's what they use all the time that Trump is constantly making references out of the Bible to the highest beautiful things. And when Trump talks about religion or his spiritual nature or when Q John F Kennedy Jr, they're always God.

It's God, God, God, God, God, God. When you listen to a literalist Christian it is Jesus is God, Jesus is my Lord, Jesus is my Jesus Christ is my Savior and don't tell me anything else.

Colleen: 18:48 So the ultimate power is God and why would we not go straight to God? And that's part of the ruse of religion, is they've become the intermediaries between you and God.

Charlie: 18:59 That's right. But by taking the Chrism oil and personifying it into a fleshy, three dimensional, almost Swiss looking handsome gentleman that just was wandering around the Holy Land with his friends 2000 years ago. It's a horrible subterfuge. It is.

Colleen: 19:25 So we need to find our power.

Charlie: 19:27 Yeah. It all it's all going to come out. It's all going to come out.

Mark: 19:30 So as we recall this, we're a few days away. Well, a couple of weeks away from the 4th of July. Big things in the cards?

Charlie: 19:38 Well, that's always been the plan. And they have removed...and now that this is this is the other thing that gives me hope that they'll continue. What we're talking about, of course, is the resurrection of George from the pages of George magazine, who will make a timely reappearance. And with a full moon over Mt. Rushmore.

Colleen: 20:03 Platform 2020.

Charlie: 20:04 Platform 2020 with the full moon over Mt. Rushmore. And like Mark knows, the full moon, the fullest of the moon is July 5th. But July 4th is a very powerful full moon over Mt. Rushmore and Donald Trump has announced that he's going to be there on July 4th.

Big celebration at Mt. Rushmore. Why? I don't know. Why would he be there? It's weird and it just happens to be on a magazine cover from February of 1997 for a magazine owned by his best friend in the world, which was John F Kennedy Jr. And look, folks, at the end of the day, I can speak to this because I just don't know why. But from a very young age, I have been powerfully, powerfully connected to and it's not fair to say the Kennedys. I've been very powerfully connected to John Fitzgerald Kennedy and Robert Fitzgerald Kennedy, JFK and RFK. I've been powerfully connected, so much so that when I was five years of age, I left preschool or kindergarten and I walked home all on my own. I apparently had never done that before. And when my mom went to pick me up from school, it wasn't there. Nobody knew where I was. Mom went back home on a chance, and she found me downstairs in the basement.

I was watching the funeral train that took RFK's coffin draped in the American flag on a train back across the United States. And I just don't know why. But I have been drawn to this, and I have researched it and cared about it desperately my whole life. And when JFK Jr was killed in '99, it was it was a pretty heavy blow to me personally. I just felt like one of the biggest aspects of parts of hope in my life was now gone. And I was actually very, very angry for a while because of the carelessness, because he had to have known.

Colleen: 22:11 So it's like full circle. This is like completion. This is like the number 12.

Charlie: 22:14 It is for me. And so when you hear these stories from behind the scenes that Donald Trump is doing this to aid in the completion of his favorite president, which was John F Kennedy, and to help the dream of the president's son, who went to such an extent that he faked his death and went underground for 21 years to put together the master plan that would take down this world. And what did John Kennedy say in the very pages of his

own magazine, very publicly, he said that "I will find the killers". If you remember, folks, he said plural *killers* of my father. And he said, I will evoke justice upon them.

Colleen: 23:09 Even if I have to.

Charlie: 23:10 even if I have to.

Colleen: 23:12 take down the government.

Charlie: 23:12 take down the government to do so. And then he disappeared or he was murdered. You believe what you want to believe? I know what I know.

The Great Awakening

And there is a beautifulness to this. And the people that don't get this Mark have anger in their lives. The people that get this have love in their hearts. And that's about as blunt as I can be or will choose to be right now on this situation, those that are not getting this and are worried that suddenly this angelic creation and Donald Trump who's doing this because he needs this like he needs a hole in the head, is somehow evil and is now going to just turn this into a dictatorship and stuff. These people lack love, they lack balance in their minds. And that's why we teach meditation. That's why we teach qigong. That's why we teach Tai chi. It's why we teach breathing, diet.

All of these things are going to be *so* important as we move forward in the year 2021. Healing is what is going to come next. And you asked earlier, so what's this all going to look like and how is this all going to play out? I think society is going to be very slow to get back to work.

Charlie: 24:32 Very slow. I think there's going to be sort of a kind of a feeling like they're getting back to work. Trump's talking positively, getting everybody back to work. But pretty soon it's going to then be the election. And then after that election, after the winter solstice, when the sun is the lowest within us, that it can possibly be, then I think there's going to be a time for soul reflection. And that's when these tribunals are going to start, and that's when all of this is going to come out in 2021. And it's then we're going to need Mark Devlin. It's then we're going to need Collywog big time to help all of us to process just how *dark and evil* everything has been. But all I can tell you is that I don't guess at these things. I know these things and I know that Donald Trump is aiding John F Kennedy Jr. avenge his father's plan. And it was his father and his uncle's plan.

Colleen: 25:39 Freeing the world.

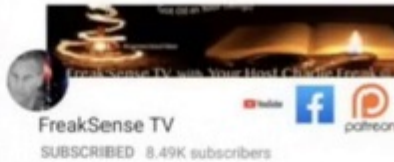

Charlie: 25:40 Those two kids giving back liberty to those that have the strength to grasp.
